Afterword
Hello everyone I'm Sakurai Ryou! I'm so happy to have my first manga published! To the people who have helped me during this period of time thank you from the bottom of my heart Allow me to kowtow to you
Special Thanks
To editors Daishire-sama Kitamura-sama as well as my fellow colleagues who gave me their mental support~And to all of my readers Makishi-sama and my tolerant family!
As for my favorite uke, it'll be Takumi! (The one wearing a hoodie jacket on the right page is also him!)
Among the featured works my favorite character is Takafumi an idiotic perverted big brother! But this silly couple is actually strongly attached to one another
With much fear and caution during drawing I'm finally able to have a volume published...
But but but, I'm still far from my goal which seems to be as far as the stars up above in the sky...
There are still many many things that I want to draw and haven't drawn yet!
However, to me this is my first step!
To my readers the comments that you sent me gave me much encouragement! Though I am unable to thank each and every one of you personally I've thought of an ideal way which is to let everybody enjoy through my works! In the future I'll continue drawing more manga with the Sakurai Ryou style! I hope you will give me your support then!
Eh? Talk more of your secrets!
Your handwriting is so ugly it's illegible!
I'm really extremely grateful to every one of you!
To Be Continued...?
